Review article

Fermented co-products and fermented compound diets for pigs: a review
R.H.J. Scholten, C.M.C. van der Peet-Schwering (Rosmalen, The Netherlands), M.W.A. Verstegen (Wageningen, The Netherlands), L.A. den Hartog (Rosmalen, The Netherlands), J.W. Schrama (Wageningen, The Netherlands) and P.C. Vesseur (Rosmalen, The Netherlands) 1

The effect of the digestible undegradable protein concentration of concentrates and protein source offered to ewes in late pregnancy on colostrum production and lamb performance
L.E.R. Dawson (Hillsborough, UK), A.F. Carson and D.J. Kilpatrick (Hillsborough, UK and Belfast, UK) 21

Effect of sodium bicarbonate supplementation and variation in the proportion of barley and sugar beet pulp on growth performance and rumen, blood and carcass characteristics of young entire male lambs
P. Mandebvu and H. Galbraith (Aberdeen, UK) 37

Ensiling of whole crop wheat with cellulase–hemicellulase based enzymes
3. Comparing effects of urea or enzyme treatment on forage composition and stability
T. Adogla-Bessa, E. Owen (Reading, UK) and A.T. Adesogan (Aberystwyth, UK) 51

Nutritional uniformity of neutral detergent solubles in some tropical browse leaf and pod diets
C.M. Shayo (Mpwapwa, Tanzania) and P. Udén (Uppsala, Sweden) 63

Dynamic study of the release and the utilisation of ^{15}N-labeled pea globulin peptides by mixed ruminal bacteria in vitro
A. Lambert, F. Lucas and G. Blanchart (Vandoeuvre-lès-Nancy, France) 75

Intake, digestibility and nitrogen utilization of three tropical tree legumesI. As sole feeds compared to *Asystasia intrusa and Brachiaria brizantha*
R.C. Merkel (Morrilton, AR, USA), K.R. Pond (Lubbock, TX, USA), J.C. Burns (Raleigh, NC, USA) and D.S. Fisher (Watkinsville, GA, USA) 91

Intake, digestibility and nitrogen utilization of three tropical tree legumes
II. As protein supplements
R.C. Merkel (Morrilton, AR, USA), K.R. Pond (Lubbock, TX, USA), J.C. Burns (Raleigh, NC, USA) and D.S. Fisher (Watkinsville, GA, USA) 107

Influence of nitrogen fertilization and stage of maturity of mottgrass (*Pennisetum purpureum*) on its composition, dry matter intake, ruminal characteristics and digestion kinetics in cannulated buffalo bulls
M. Sarwar (Faisalabad, Pakistan), M.-u.-N. Khan and M.N. Saeed (Lahore, Pakistan) 121

A comparison of total and digestible amino acids in diets for broilers and layers
D.J. Farrell (Cleveland, Qld., Australia and St. Lucia, Qld., Australia), P.F. Mannion and R.A. Perez-Maldonado (Cleveland, Qld., Australia) 131

Contents continued 144

VOL. 82 NOS. 3–4 **1 DECEMBER 1999**

Processed cereals in diets for early-weaned piglets
P. Medel, S. Salado, J.C. de Blas and G.G. Mateos (Madrid, Spain) 145
Ruminal degradability and intestinal digestibility of protein and amino acids in barley and oats expander-treated at various intensities
E. Prestløkken (Ås, Norway) 157
Energy and protein supplementation of lactating dairy cows offered urea treated whole-crop wheat as the sole forage
J. Hill (Chelmsford, UK) and J.D. Leaver (Ashford, UK) 177
The effect of method of forage preservation on the protein degradability and microbial protein synthesis in the rumen
J. Verbič (Ljubljana, Slovenia), E.R. Ørskov (Aberdeen, UK), J. Žgajnar (Domžale, Slovenia), X.B. Chen (Aberdeen, UK) and V. Žnidaršič-Pongrac (Ljubljana, Slovenia) 195
Wool growth in Merino wethers fed lupins untreated or treated with heat or formaldehyde, with and without a supplementation of rumen protected methionine
M. Rodehutscord, P. Young, N. Phillips and C.L. White (Western Australia, Australia). 213
In vitro quality assessment of tannin-containing tropical shrub legumes: protein and fibre digestion
C.S. McSweeney (Indooroopilly, Australia), B. Palmer (Townsville, Australia), R. Bunch and D.O. Krause (Indooroopilly, Australia). 227
The use of tannins as silage additives: effects on silage composition and mobile bag disappearance of dry matter and protein
M.B. Salawu, T. Acamovic, C.S. Stewart (Aberdeen, UK), T. Hvelplund and M.R. Weisbjerg (Tjele, Denmark) 243
Comparison of diet and faecal collection methods for assessment of seasonal variation in dry matter intake by sheep maintained on a *Cenchrus ciliaris* pasture
S.K. Sankhyan, A.K. Shinde, R. Bhatta and S.A. Karim (Avikanagar, India) 261
Corrigendum to "In situ ruminal degradation and intestinal digestibility of dry matter and protein in expanded feedstuffs" [Anim. Feed Sci. Technol. 77 (1999) 1–23]
E. Prestløkken (As, Norway) 271
